LORETTA

4

Freshness is a quality also that many women would like to keep. Never have we seen a more ripe example of fresh beauty than we have in Loretta. It's a real privilege just to be able to display your charms, Loretta.

ICEY

34

her name is Icey, but believe us, this lovely girl is far from being cool by anyone's evaluation. Because of her bright smile and sunny disposition, you'd think her handle would be entirely different. At any rate, Icey, you're "cool" with us and that's "hot."

ARKENI

12

She's wild, she's erotic, she's everything you'd expect from a rising rock 'n' roll singer. But she's also soft-spoken and sensual just as you've dreamed such a vision of loveliness would be. We give you Arkeni.

MONIQUE

43

Far from her home in Northern Africa, Monique continues to drive the men crazy in the States. Her honey-colored complexion is only one reason why she is desirable as she is. But just remember, Monique, you're always at home with us.

NICOLE

24

From the heartland of Hawaii, comes Nicole. She brings a breath of fresh new images that hint of her native soil. Thanks for spending a little time with us here on the mainland, Nicole.

SHEILA

50

This model has found that innocence like any trait, comes and goes. But Sheila has managed to retain the quality that continues to make her an enduring and endearing eye-fu!—her beauty.

DANEEN

28

Young, dark and lovely, that's the best way to describe Daneen. Whenever she appears in the magazine, it's time to toast the essence of black womanhood. And believe us, there's nothing we'd rather do than sing the praises of such a terrific lady.

MIRIAM

56

Where does a sexy, 5'9", 36-25-36, chocolate-complected beauty like Miriam pose for her first artistic nude layout? Answer: Anywhere she wants.

THE KING CONSPIRACY

By Michael Newton

Three-fourths of the American public believe James Earl Ray was a decoy.

In this stunning step-by-step account of the events that led up to the murder of Dr. Martin Luther King, Jr., the author raises so many serious doubts about James Earl Ray's guilt and the criminal justice system that sent him to prison. The main point of Newton's argument is that for over a year before Dr. King was murdered, Ray had been a fugitive from prison with little or no money. For the forty-two days after the assassination Ray travelled in Canada and Europe and spent much more money than he could have gained by his own means.
